<b>The Microsoft SLG Select Agreement</b> is a volume licensing program designed to help reduce the total cost of software ownership while making it easier for large organizations like the State to acquire the license for, or right to use, a particular Microsoft product on an ongoing basis.		
<b>Academic Microsoft Select Agreement:</b> K-12 educational entities may purchase under the State Academic Microsoft Select Agreement administered by EduTech. See <a href="http://www.edutech.nodak.edu/services/spa/shi/">http://www.edutech.nodak.edu/services/spa/shi/</a>		

**State and Local Government Microsoft Select Agreement:** North Dakota has entered into a contract with Zones, Inc. to be the Large Account Reseller for the North Dakota State and Local Government Select Agreement, version 6.1.

All state agencies and institutions must purchase Microsoft software licenses, media (CD ROMs), software maintenance, and documentation under this contract. Operating systems that are purchased with new computers and servers are excluded from this contract. Purchase Software Assurance on those operating systems and applications software under this Select Agreement.

This agreement is made available to political subdivisions and nonprofit organizations established by government entities under North Dakota Century Code Section 54-44.4-13.

**Software Assurance:** Software assurance is a program that enables you to receive product upgrades during the select agreement period. For more information please visit <http://www.microsoft.com/licensing/sa/default.aspx>.
